# NOT JUST PACKAGING, IT'S SHUBH CARE

At Shubh Packaging, we don't just make boxes; we create strategic packaging that speaks for your brand. Specializing in custom corrugated, mono-carton, and rigid box solutions, our mission is to deliver packaging that both protects and elevates.

This capabilities brochure presents a comprehensive overview of how Shubh Packaging acts as your partner. Inside, you will discover our range of standard product types, explore our premium artisanal finishes, and see how our tailored solutions support industries like yours.

## SHUBH PACKAGING ADVANTAGES:

- PREMIUM QUALITY MATERIALS
- ON-TIME DELIVERY
- INNOVATIVE DESIGN
- COST-EFFECTIVE SOLUTIONS

## WHO WE ARE:

- Shubh Packaging is a premium custom packaging manufacturer in India, specializing in corrugated, mono-carton, and rigid boxes.
- We combine innovative design, quality materials, and precision manufacturing to protect, enhance, and elevate your brand.
- We serve industries ranging from FMCG and pharma to e-commerce and beyond.
- **Quality & Customization:** We use high-grade materials and precise finishing to create strong, elegant, and reliable packaging. Every box is tailored to your product's size and branding.

# THE SHUBH DIFFERENCE

## Innovation & Design:

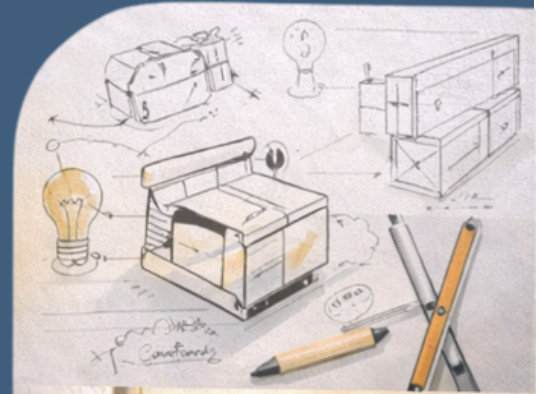

Our creative solutions make products stand out on shelves. We engineer each package from concept to completion to elevate brand presence.

## End-to-End Service:

From CAD/dieline to prototyping to production, we handle it all in-house. Our expert design team collaborates closely with you.

## Timely Delivery:

Expanded capacity (new corrugators, printers) means fast turnarounds on large orders. We maintain on-time schedules even for rush projects.

## Why Choose Our Custom Packaging?

We understand that every product is unique, and so are its packaging needs. Our custom packaging solutions are designed to perfectly match your product's size, shape, and material while ensuring maximum protection and visual appeal. From concept to delivery, we focus on creating packaging that not only safeguards your product but also enhances its presentation and brand value.

With expertise across multiple industries, we deliver versatile and reliable packaging solutions that meet diverse requirements. Our streamlined production process ensures efficiency, consistency, and timely delivery—helping your business operate smoothly and stand out in the market.

**Let's Build Packaging That Works for You**

**Contact Us**

# INFRASTRUCTURE & CAPACITY

Shubh Packaging's state-of-the-art factory includes multiple production lines for corrugated, folding, and rigid boxes. Recent expansions added 3-ply and multi-layer corrugators, precision die cutters, and high-speed presses. We also upgraded our finishing stations to apply foiling, lamination, and digital printing in-house. This investment ensures consistent premium quality and fast fulfillment.

## **Manufacturing Scale:**

Capable of millions of boxes per month; supports small and bulk orders alike.

## **Advanced Machinery:**

CNC die-cutters, automatic bottom-glueers, and robotics for precise cuts and folds.

## **Quality Control:**

100% quality checks and color proofs, so your brand colors and specifications are exactly matched.

## **Logistics:**

Logistics: Enhanced coordination for on-time worldwide delivery. We align production with your launch and distribution schedules.

# QUALITY TESTING

At Shubh Packaging, quality is at the core of everything we manufacture. Our advanced testing processes ensure that every packaging solution meets industry standards for strength, durability, and performance, delivering reliable protection for your products.

## Our Testing Capabilities

- Bursting Test
- Hot Air Oven Test
- COBB Test
- GANN Moisture Test
- B4 Cup Test
- GSM Tester
- Compression Strength Test
- Edge Crush Test (ECT)
